The UCI Global Sustainability Resource Center is now accepting applications for Summer 2017 Energize Colleges Internships and the 2017-18 Global Food and Carbon Neutrality Student Fellowships. These opportunities are sponsored by the UC Office of the President and Strategic Energy Innovations and are open to undergraduate and graduate students.

**Food & Climate Fellows**

Five on-campus yearlong experiences will enable students to contribute significantly to a select group of food and climate projects. Each fellow will receive approximately $4,000 for 8-10 hrs/week over AY 17-18.

**Energy Interns**

Four on-campus summer internships will enable students to gain job skills in green energy. Each intern will get paid $13/hr for 8-10 hrs/week.

**Application Deadline:** May 30, 2017, by 8:00 a.m.
